KetoCal[®] 4:1 LQ Recipes

Try our simple and delicious KetoCal LQ Smoothie recipes as a convenient meal or snack!

Important – Please Read: This flyer features recipes for the ketogenic diet in two different formats – **Classical and Modified Atkins**. It is important that you follow the recipe format that has been prescribed to you or your child. All of the following recipes have been verified in the KetoCalculator[®] program for nutritional accuracy. Please note that KetoCalculator assesses carbohydrate value as the total carbohydrate count minus the fiber.

Tip: Each of these recipes can be frozen as popsicles for a fun, cold treat! Popsicles can be kept in the freezer for a maximum of one week.

KetoCal 4:1 LQ – Smoothie Recipes for the **CLASSICAL DIET**

Chocolate Smoothie, Classical Diet

Calories (Kcal)	Carbohydrates	Fat	Protein	Ratio
458	3.1 g	45.9 g	8.2 g	4:1

- 4 grams Hershey's (unsweetened) cocoa
- 1 carton (240 g**) KetoCal 4:1 LQ
- 10 grams olive oil

Instructions:

- Pour KetoCal LQ into blender then add oil and cocoa. Blend for several seconds until smooth.
- Optional; add a few drops of carbohydrate-free sweetener.* Blend again.
- Serve over ice or blend again with ice chips before serving.
- To make hot cocoa, warm beverage on stove or in microwave. Do not boil.
